Approved by: Board of Directors

Revised: 8/13/2020
Adopted: 4/16/2020

Policy #: 3010

This Policy sets forth the expectations of students and parents/guardians while students are engaging in distance learning at Long Valley School's ("LVS" or the "School") classroom-based program during the coronavirus (COVID-19) pandemic. This Policy shall supersede any conflicting language in existing School policies until the Board determines that the need for this policy no longer exists. The Board acknowledges that, due to the evolving nature of the pandemic, federal, state, and local orders impacting School operations are subject to change without notice. In the event that any federal, state, or local order may conflict with this policy, the applicable order shall be controlling.

Distance learning is not the same as independent study. A complete copy of the School's Independent Study Policy can be located on the School's website or be provided by request to the school office. Students enrolled in independent study will comply with the requirements of the independent study rules.

I. DEFINITIONS AND MINIMUM REQUIREMENTS OF DISTANCE LEARNING

"Distance learning" means instruction in which the student and instructor are in different locations and students are under the general supervision of a certificated employee of LVS. Distance learning may include, but is not limited to, all of the following:

1. Interaction, instruction, and check-ins between teachers and students through the use of a computer or communications technology.
2. Video or audio instruction in which the primary mode of communication between the student and certificated employee is online interaction, instructional television, video, telecourses, or other instruction that relies on computer or communications technology.
3. On-campus support with the certificated employee providing fewer than the daily minimum instructional minutes.
4. The use of print materials incorporating assignments that are the subject of written or oral feedback.

Academic and other supports designed to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with exceptional needs, students in foster care or experiencing homelessness, and students requiring mental health supports.

4. Special education, related services, and any other services required by a student's individualized education program, with accommodations necessary to ensure that individualized education program can be executed in a distance learning environment.
5. Designated and integrated instruction in English language development for English learners, including assessment of English language proficiency, support to access curriculum, the ability to reclassify as fully English proficient, and, as applicable, support for dual language learning.

Distance learning may be offered by the School under either of the following circumstances:

1. On a schoolwide level as a result of an order or guidance from a state or local public health officer including the need to provide physical distancing; or
2. For students who are medically fragile or would be put at risk by in-person instruction, or who are self-quarantining because of exposure to COVID-19.

II. DISTANCE LEARNING PLAN AND SCHEDULES

For combined in-person and distance learning, a hybrid program for distance learning will be in place as long as it is permitted.

Grades 1-8: Each class is separated into two smaller cohorts and are assigned to different locations for the purpose of physical distancing. The two cohorts each spend two days in their regular classroom and then two days in an alternate space. Three of the days each week are designated as distance learning days.

The School's attendance policy #6001 continues to apply. Daily participation in distance learning may include, but is not limited to, evidence of participation in online activities, completion of regular assignments, completion of assessments, and contacts between School employees and students or parents or guardians.

The School has developed the following tiered reengagement strategies for students who are absent from distance learning for more than three (3) schooldays or sixty (60) percent of the instructional days in a school week:

- 1) Verification of current contact information for each enrolled student.
- 2) Daily notification to parents or guardians of absences;
- 3) Outreach from the School to determine student needs including connection with health and social services as necessary and when feasible, transitioning the student to full time in-person instruction.
- 4) In the event the school is unable to communicate with the parents/guardians and student, the school will seek the assistance of law enforcement to make a home visit.

The School shall document daily participation for each student on each school day, in whole or in part, for which distance learning is provided. The School shall track student daily participation in distance learning as follows:

For synchronous instruction, the School will require students to appear on camera or to speak by phone to demonstrate Student participation. For asynchronous instruction, the School will require students to work in the online classroom or text/email evidence to demonstrate Student participation.

The School shall ensure that a Weekly Engagement Record is completed for each pupil documenting synchronous or asynchronous instruction for each whole or partial day of distance learning, verifying daily participation, and tracking assignments.
